Time flows through those peopled
Not in slow-clocked ^{halls,} hours and
Guided by two, long, ^{minutes} sharp hands.

Infinite infinities
Are time to we who live in spectra
Interplaying colour-bands.

Soft are the hands that guide our
Warm, they hold our moment
time;
colours;

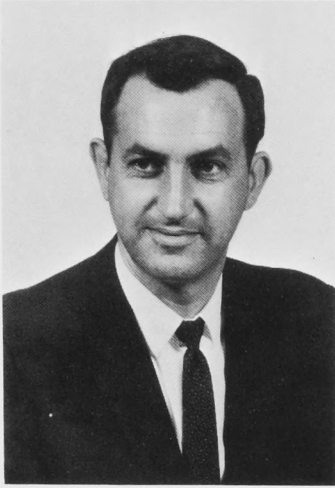

Firm they touch our Yet-to-be.

Holding hearts so softly still
She forms our time; she quietly
Is helping mold our destiny.

To Mary's hands.

Principal's Message

Dear Students:

It is often said that first impressions hold the key for your thoughts along any aspect of life. How true or false such a generalization is, I cannot say. Yet the thought underlying it is true in my case. What I had seen and heard in other schools formed in my mind an impression of what to expect upon accepting the responsibility of the Principal of St. Mary's High School. Yet from my very first day, a great deal of revision was necessary. I have been greatly pleased with your general good behavior and wholesome attitudes in your pursuit of a truly Christian education. Your generous spirit of co-operation, clean habits of speech, thoughtful courtesy and unexcelled respect for superiors all reflect the careful guidance of your parents and teachers.

With the end of the academic year, the graduating class will leave St. Mary's to continue their vocation in various fields of occupations. A new phase in your life is just beginning to unfold. Strive for patience and a spirit of humility in attaining your goal. Do not use somebody else's head as a stepping stone to success -- your own merits will quickly enough be recognized and you will be a more effective leader. You must have a genuine spirit of charity toward all with whom you come in contact. Pointing out the faults of others seldom hides your own. If you wish to lead others you must first learn to practise obedience -- no matter what station in life you aspire to, you will always be subject to higher authority.

If we can accomplish this by making use of what is offered to us under the patronage of St. Mary's, then your parents and all those who helped you thus far, shall be pleased with the sacrifices made in providing you with a good education.

We cannot all become religious, social, or business leaders but if we are tempted to think of ourselves as being too slow or wandering in ability I would like to pass on to you the three lines quoted to me by my father when I experienced discouragement.

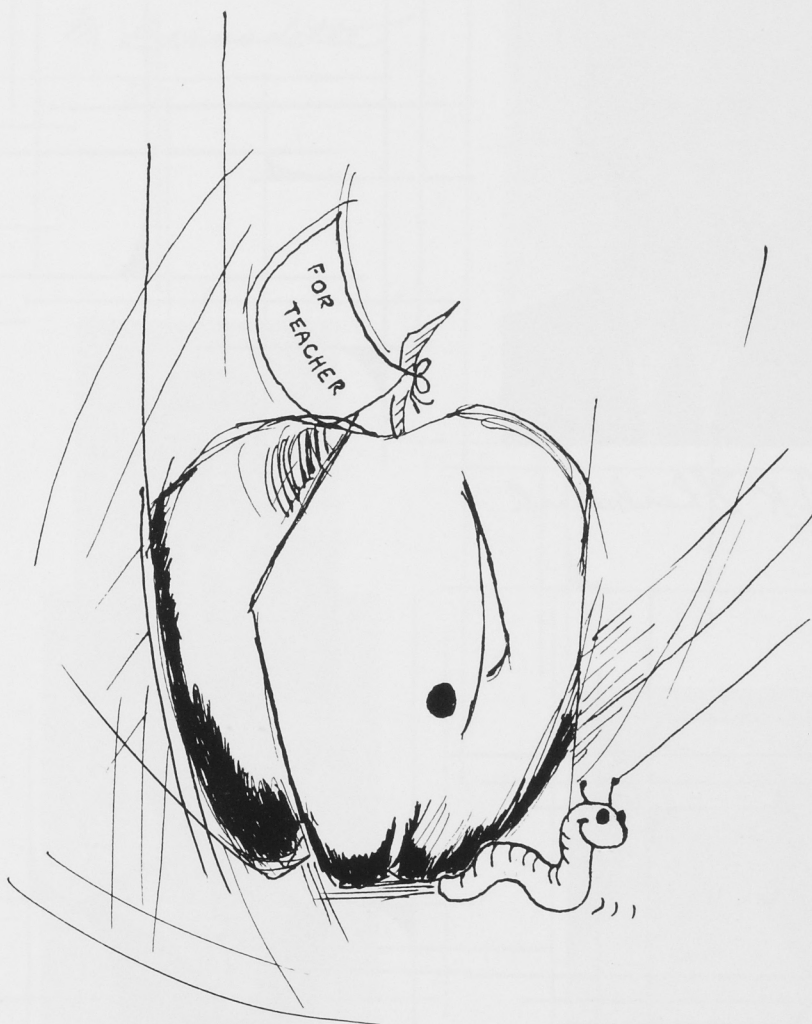

"A man is blessed
Who does his best
And leaves the rest."

I would sincerely hope that many of you will choose a religious vocation as the world so desperately needs more priests and sisters. We should always think of the real purpose for which God created us, that is, -to know, love, and serve Him on earth and as a consequence to see and share His glory in heaven.

I wish to express my congratulations and gratitude to all who have helped to make this yearbook a success.

Student Government

The many and varied activities of this memorable year included many social and sports events. The major events were the frosh activities, the Lunchbathon contest, the double bandstand and the four dances. The efforts displayed by the football and basketball teams was becoming to the exceptional spirit of St. Mary's.

This year was also marked by a number of changes. The first noticed change was the final realization of one school with one principal. With some elation on the part of the students, mixed classes were introduced. The greatest change this year was the addition of the new wing and an enlarged auditorium. Along with this construction came confusion, disorder and the cancelling of many planned activities.

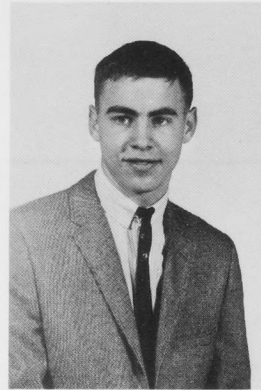

As Presidents it is hoped that our efforts have met with your approval. We trust that our recommendations and improvements will somehow better our school and future councils. We enjoyed our offices of President for it gave us unlimited experience in working with the students and in meeting many people. To our executives, advisors and students, thanks for your help and co-operation during the past months. For the Senior class, we wish success in all your future endeavours. And to those returning next year, carry on the good name of St. Mary's.

I am a Yearbook

I am a yearbook,
I make no pretense of great literary worth,
Of times I am belittled,
And I will be the butt of later-life jokes,
Because some things written on my pages
Will seem childish
When read again with wiser, older eyes.
But, at this moment, they are part
of a life we know and love.
The unskilled phrases of youth may mar
my pages,
But I know my strength,
I know my place,
I will be succeeded time and again
But I can never be replaced
Because in my leather-clad arms
I hold all the memories of this small time.
My task is to treasure that you may
remember.
Some day when space ships whirl
Across the changed face of the world
I will be taken down from the shelf.
The dust will be blown from my covers
And the curious eyes of eager childhood
Will scan my yellowed pages
For a beloved face.
Nothing born of love really dies,
And I was created with infinite care
By young men and women who love St. Mary's
And all she stands for,
Who believe all that happened here
Is worth remembering
Is worth recording
On the pages that follow

Seniors ~

Valedictory

I do not think I am alone when I say that, as far back as I can remember, my most cherished ambition was to get out of school; to be done with all the torture of homework, classes and the other arduous tasks an education entails. I am sure my classmates will confess to having had similar feelings.

It is rather ironical, then, when the time draws near for us to leave school, that we find ourselves in some doubt as to how enthusiastic we are about the realization of this dream.

To say good-bye is never easy, but I believe this will be one of the most difficult farewells of our lives. Good-bye to the school itself, with its rooms and halls full of memories; good-bye to our many school chums with whom we will soon lose touch; but most of all, good-bye to the people who have set us on the threshold of the world and helped us with our first steps. Who are these people? First our parents, who put us on the right track by sending us to Catholic Schools and who have stood by always with a guiding hand -- to them we are forever grateful; then, Mr. MacDonald and his staff of faithful teachers, who have enlightened, guided and strengthened us. All these good people, I feel, can only be repaid by our modelling ourselves on their inspiring example.

The future hides from us many of the trials and tribulations which will afflict and test us. We will need all the wisdom and knowledge we have gained from our school life to overcome them and to be strengthened by them. After all, this is actually but the beginning for us. Some will go on to University and obtain degree upon degree, some straight into the business world, and let us hope some into the religious life. No matter what the vocation, each day will bring new experiences and lessons to be learned. We all know that we will fall away many times. The important thing is that we rise quickly and start anew. It will be at times such as this that we will thank God for the sound foundation we obtained at St. Mary's.

For Tired Blood 8

Much has been said about a school's problems in exasperation--like the wretched clocks--therefore, a detraction from the whole appalling business to another source of irritation in order to release one's inner tensions and frustrations seems to be in order. Do you find that your detergent growls and the blond in your Brylcreem is only a redhead? Did your washer become ten feet tall in a nine foot basement and one foot of washer appears under the kitchen table every day at half past nine? Did your Ban fail to give you confidence while you were running an Inn? And did all your relatives cart over a bottle of Softique so that now your skin is so soft it flows? Did you not wait to be told you need Palmolive Gold and found that, healthy glow makes you look jaundiced? Did you clear off the table to try out New Dawn and found out you needed it all anyhow? Were you in a strange town with no established credit at any one of H. F. C. 's many branch offices and you crashed the car in a deadly down-pour? And, as a last straw, did you go up in a balloon to look at the wash, and found it developed a puncture? Well do not despair altogether, there is always school and as long as your watch survives the torture tests and Swift's turns out the baloney to put between the bread that's eight hours fresher than life if liveable.... almost.

Mr. H. MacDonald,
Principal,
St. Mary's High School,
7055 - 99 Street,
Edmonton.

Dear Mr. MacDonald:

The Holy Mass in St. Mary's Auditorium on March 11, 1966, provided me with one of the deepest experiences I have had as a priest. This is due in large measure to the thoroughness with which the boys and girls were prepared for the occasion. One could not help but feel that the members of staff including, notably, yourself also felt very keen interest.

May I ask you to express my deepest appreciation to the teachers of the school, as well as to the two Sisters, Mother Francis Carmel and Sister Norbert Marie.

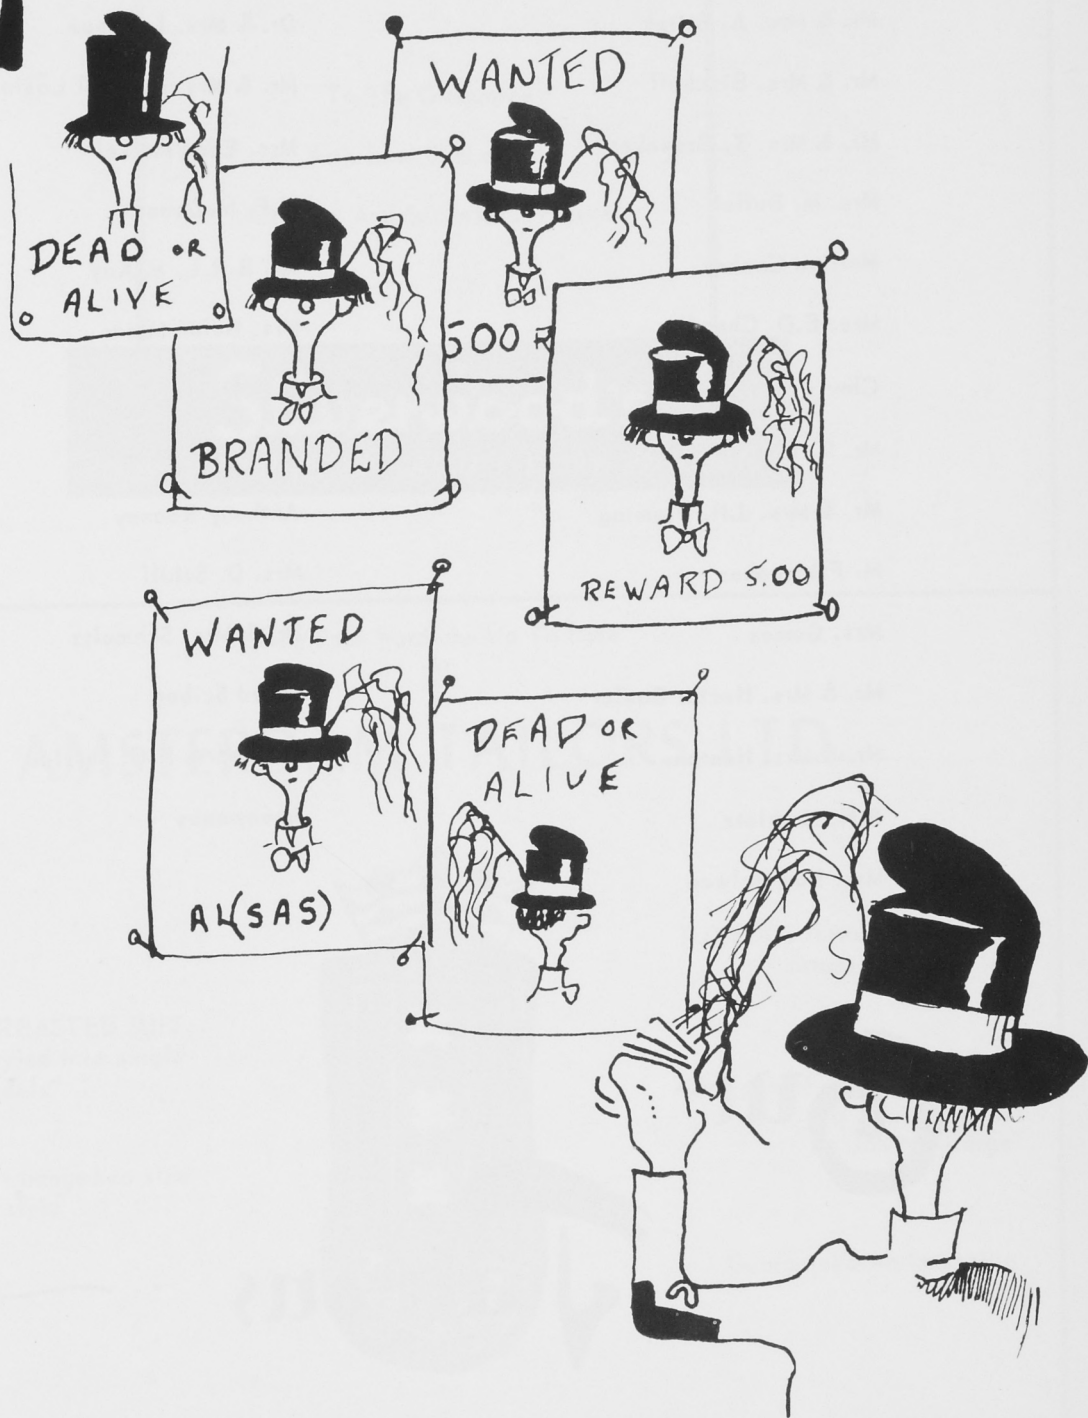

Will you also in my name congratulate the boys and girls. The whole school made a tremendous impression on me.

Kind personal regards.

Sincerely yours.

... On Education ...

"Let no youth have any anxiety about the upshot of his education, whatever the line of it may be. If he keeps faithfully busy each hour of the working day, he may safely leave the final result to itself. He can, with perfect certainty, count on waking up some fine morning to find himself one of the competent ones of his generation, in whatever pursuit he may have singled out. Silently, between all the details of his business, the POWER of JUDGING in all that class of matter will have built itself up within him as a possession that will never pass away. Young people should know this truth in advance. The ignorance of it has probably engendered more discouragement and faintheartedness in youths embarking on arduous careers than all other causes put together."

"He may live without a book, what is knowledge but grieving
He may live without hope, what is hope but deceiving,
He may live without love, what is passion, but pining,
But show me that man that can live without"

BURGER KING'S DINING

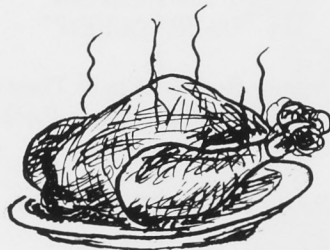

To you, the students and staff of St. Mary's High School, we extend our very best wishes and our sincere thanks for allowing we, "The Burger King Drive Inns" to be a part of the memoirs of your High School. We hope that in some small way we have been able to serve and assist you.

On a more serious note, we realize that many of you will be stepping forth this year, into the business world, and acquiring a taste of the fundamentals of business management and technique. You will be torn between a life of everyday routines or of thinking and working independently. The old maxim of "learning to fly", by being pushed out of the nest, was never more appropriate than on this occasion. To each and every one of you, we ask God's blessing and we wish you the very best of luck.

We ask you to remember that it is not only "food for thought" that counts but "food for stomach". We hope that you have enjoyed our food and service in the past and will continue to do so in the future.
